Message for the Goa Regional Centre

It gives me great pleasure to send my best wishes to the Goa Regional Centre of IChE on the occasion of its inauguration on 6 April 2016. I thank the Department of Chemical Engineering, BITS-Pilani K K Birla Goa campus for taking the initiative in opening this new Centre in Goa. BITS-Pilani, Goa Campus is one of the elite institutes for engineering education in India. I am confident that the symbiosis between this leading academic centre and IChE, the premier professional body of chemical engineers in India, and close association with the vibrant industry network will create a new dynamism and open up new areas of activities in the field of Chemical Engineering and its allied disciplines.

The august presence of eminent personalities, including, Padma Vibhushan Prof. M. M. Sharma and the Vice Chancellor of the Goa University at the inaugural ceremony will make the occasion even more significant. The seminar to follow the inauguration programme, with participation from academic luminaries and industry stalwarts, will bring in new insights and stimulate minds of the audience. It will, indeed, be an experience to treasure for all those present for the occasion and listening to the profound perspectives and perceptions.

My hearty congratulations to Prof. Saibal Ganguly, Prof. S. S. Baral and all the members of the Goa Regional Centre.

Wishing all success.

P. De
Honorary Secretary
